### Out-of-network Benefits

While 95% of our members choose a VSP network doctor to maximize their benefits, you can choose to see an out-of-network provider, including national or local retail chains. However, your coverage with out-of-network providers is less than when you see a VSP network doctor. If you decide to see an out-of-network provider, review your benefits at [vsp.com](http://vsp.com). You may also use an affiliate provider at Costco®. Costco® is considered an out-of-network provider. Though services will be reimbursed at the "Open Access Reimbursement Schedule (below). Costco can submit claims on your behalf directly to VSP.
